

Charm Strips

Charm strips are an economical way for you to provide photographic quality images of each child to the school to be used for administrative or creative purposes. There are two options for the charm strips which are “2 up” and “5 up”. The charge for these is \$1.75 per sheet.

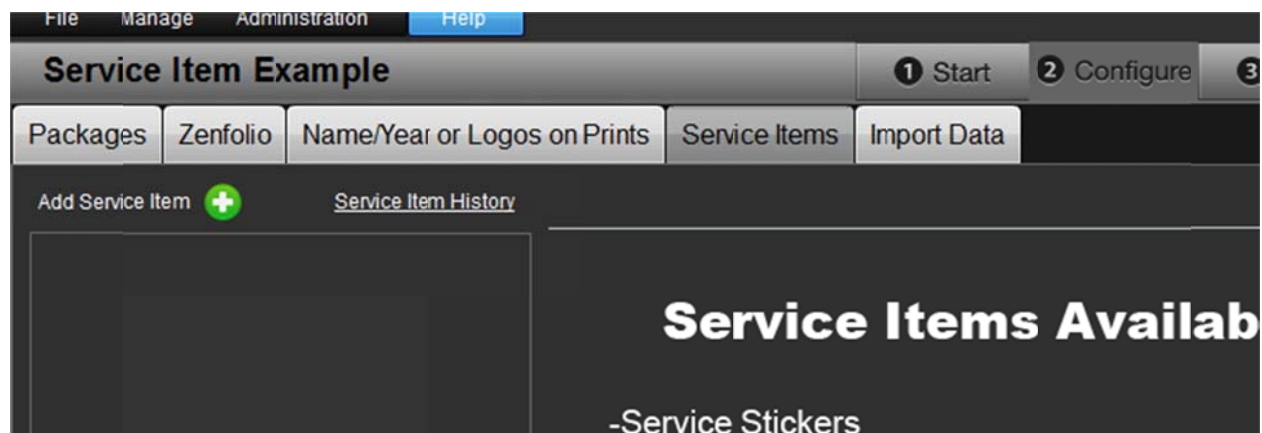

The “2 up” strip features two images of each subject one is in color and one is in grayscale. The approximate size of these images is 1.5” x 1.25”.

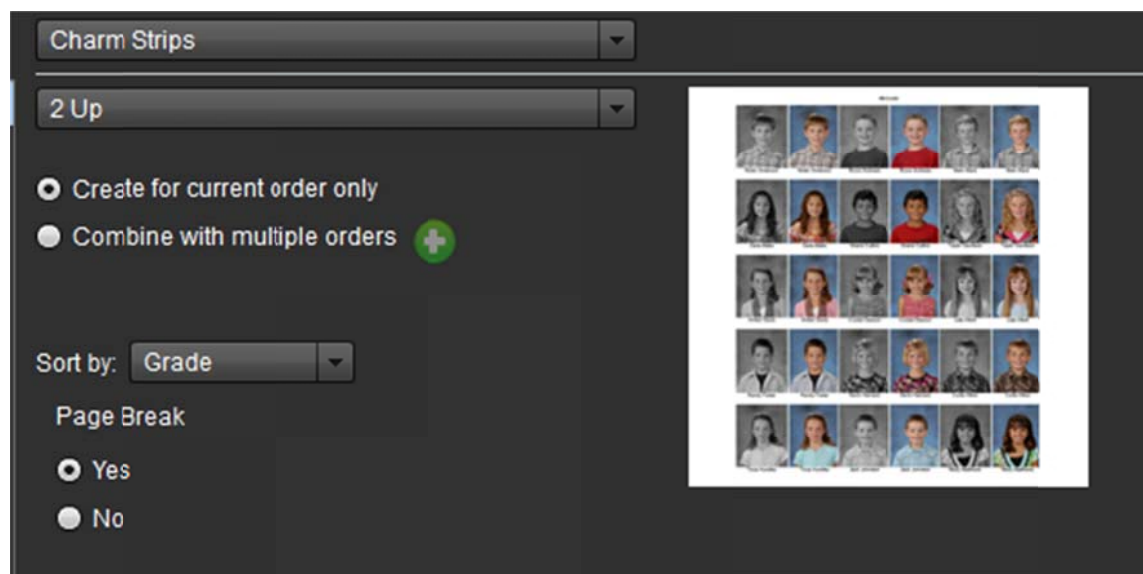

The “5 up” strip features five images of each child four of which are approximately 1.5” x 1.25”, two are color and two are grayscale. In addition there is also one larger image of each child which is approximately 1.75” x 1.5”.

1. Go to the Service Items tab in the software and click on the green button with the white cross next to "Add Service Items". This will bring up a warning message, read this and then click "Ok".

2. Using the menus, select desired options.

3. Move on to the build stage and enter the images that you desire to add to these charm strips. All images entered and marked as service item pose will appear on the product.
